

UBAID UR RAHMAN

Full Stack Developer

☎ +966-507168904 ✉ ubaidurr888999@gmail.com [in LinkedIn](#) [Github](#) [Visit my Website](#)

Summary

Experienced Full Stack Developer skilled in building scalable and high-performance web applications. Proficient in the MERN stack (MongoDB, Express.js, React.js, Node.js), .NET, and cloud technologies, with a strong foundation in front-end and back-end development. Adept at optimizing system performance, developing robust APIs, and collaborating with cross-functional teams to deliver impactful solutions.

EDUCATION

Abdul Wali Khan University, Mardan

Bachelor in Computer Science

2019 – 2023

Mardan, Pakistan

COURSEWORK / SKILLS

- DSA
- .NET Development
- Cloud Computing
- DBMS
- Web Application Dev
- Networking Basics
- Software Engineering
- UI/UX

EXPERIENCE

Full Stack Developer

ALIMCOSOFT

Aug 2023 - March 2024

Islamabad, Pakistan

- Collaborated on developing and enhancing multiple full-stack projects.
- Developed and maintained robust full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js), delivering dynamic user experiences.
- Developed, tested, and maintained RESTful APIs for efficient communication between client-side applications and the server, enhancing system scalability and performance.
- Collaborated with cross-functional teams, including designers, QA, and product managers, to define, design, and ship new features, ensuring business requirements are met.
- Optimized and managed database operations, ensuring efficient data retrieval and storage using **MongoDB, PostgreSQL, and MySQL**.
- Conducted comprehensive code reviews, provided constructive feedback to peers, and upheld coding standards to maintain a clean, maintainable codebase.

PROJECTS

Flow Job [🔗](#) | TypeScript, Next.js, Tailwind CSS, Prisma, PostgreSQL

- Developed a job listing platform with a seamless user experience for job posting and application.
- Optimized database queries using Prisma ORM to handle complex filters, improving search efficiency.
- Implemented server-side rendering (SSR) for enhanced SEO and improved performance of job listings.
- Employed caching strategies to reduce server load and boost data retrieval speeds.

NETFLIX CLONE [🔗](#) | React.js, Node.js, Express.js, MongoDB, JWT

- Engineered a Netflix clone focusing on user authentication, content search, and personalized favorites list.
- Designed a robust backend API for managing user sessions, using JWT for secure authentication and token-based authorization.
- Incorporated responsive design principles and lazy-loading strategies for efficient content delivery.
- Implemented modular, reusable front-end components using React, enhancing maintainability.

ADMIN DASHBOARD [🔗](#) | Next.js, TypeScript, Tailwind CSS

- Built a scalable admin dashboard to manage user and product data with real-time updates.
- Leveraged Next.js dynamic routing for modular user management interfaces, streamlining access control.
- Integrated data visualization tools for dynamic charts and real-time reporting.
- Focused on creating a responsive and intuitive UI using Tailwind CSS, enhancing usability across devices.

GEMINI CLONE [🔗](#) | React.js, TypeScript, Node.js, Express.js, MongoDB, Socket.io

- Developed a real-time chat application mimicking Gemini platform's capabilities, incorporating AI-driven interactions.
- Utilized Socket.io for real-time messaging, ensuring low-latency and high-reliability communication between users.
- Integrated a custom AI model for enhanced user experience, providing intelligent responses during chats.
- Designed the backend architecture to handle concurrent users efficiently, focusing on data consistency and scalability.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, " C ", MySQL, HTML, CSS

Technologies/Frameworks: React.js, Next.js, Node.js, Express.js, .NET, Prisma, Tailwind CSS, Bootstrap, MongoDB, PostgreSQL, MySQL

Developer Tools: VS Code, Git, GitHub, Docker, AWS, Figma

Other Skills: RESTful API Development, UI/UX Design, Responsive Web Design, Debugging, SEO, Team Collaboration, Communication
