Ubaid Ur Rahman

P/O Samar Bagh, 18300, KP, Pakistan | +92 345-0245493 | ubaidurr888999@gmail.com

SUMMARY

Detail-oriented Computer Science graduate with a robust Full-Stack Web Development skill set and recent NEBOSH IGC certification. Dedicated to health, safety, and environmental (HSE) standards, proficient in leveraging technology for comprehensive safety analysis. Excited to merge technical expertise with safety knowledge to drive impactful HSE initiatives.

EDUCATION

HSSC Pre Engineering, Islamia Model College Timargara, Sep2023: Marks: 80%

Bachelor of Science in Computer Science, Abdul Wali Khan University Mardan, Aug 2023: GPA: 3.17/4

NEBOSH International General Certificate in Occupational Health and Safety, March 2024

SKILLS AND STRENGTHS

- **HSE Compliance** - Ensure adherence to safety regulations, implement risk management strategies.
- **Risk Assessment and Management:** Identify hazards, assess risks, implement mitigation measures.
- **Incident Investigation and Reporting:** Conduct thorough investigations, analyze root causes.
- **Emergency Response Planning:** Develop and execute emergency plans and crisis management strategies.
- **Data Analysis:** Utilize MS Excel for tracking key performance indicators and generating report**s.**
- **Documentation and Reporting:** Proficient in MS Office Suite for written communication and analysis.
- **Communication and Collaboration:** Effectively communicate safety procedures, collaborate with teams.

PROFESSIONAL ACCOMPLISHMENTS

- **NEBOSH International General Certificate in Occupational Health and Safety**, [Feb 2024]: Demonstrated commitment to safety training, enhancing expertise in HSE principles and practices.
- **Full-stack Developer Bootcamp, Udemy,** [Jan 2023]: Completed intensive bootcamp covering modern web development technologies.
- **IBM Front-End Developer Specialization, Coursera**, [Sep 2023]: Proficiency in front-end technologies and software engineering principles.
- **Introduction to MS Excel, Coursera,** [Oct 2023]: Mastered essential skills in data entry and spreadsheet organization.

Professional Development

- Completed the NEBOSH International General Certificate in Occupational Health and Safety, enhancing expertise in risk assessment, hazard identification, and safety management systems.
- Engaged in specialized safety workshops and seminars to stay updated on the latest HSE regulations, best practices, and emerging technologies.
- Actively engage learning focusing on areas such as incident investigation, emergency response planning, and regulatory compliance.
